The Learning and the Connections...

Reflection on context and creation.

- These shows offer a great opportunity to demystify printmaking processes and enjoy the wonderful effects possible with this medium.
- Holden's prints will provide the backdrop as students have small group critical discussions.
- A question of place – how does sense of belonging and connection play into your sense of place?
- Time and weather permitting students experience the outdoor artworks as well.

Teachers are welcome to contact the Educator to discuss curriculum connections to be included.
Tel. (807) 577-6427 • Email: education@theag.ca
